### **DRUG TESTING POLICY**

Due to the health and safety risks of alcohol & drug abuse, applicants tentatively selected for employment by Southminster will be required to undergo a drug test. A positive test result, indicating illegal drug use, will disqualify you from consideration for employment. A negative test result, indicating being free of drugs, will not guarantee employment. Any applicants not willing to comply with this requirement may simply excuse themselves prior to completing the attached application form.

I understand I will be tested for the following drugs:

1. Amphetamines
2. Cocaine (including Crack)
3. Marijuana
4. Opiates
5. Phencyclidine (PCP)

I understand and agree to the above testing requirements
